

## **PUT YOUR KIDS TO WORK!**

### **JOB DESCRIPTION**

**(P)RESIDENT IN TRAINING:** Candidates must be in grades 3-12 and love or hate math. Each day they will succeed and love it.

This is a structured program starting with basics:

- writing skills
- writing speed
- single digit prime numbers
- single digit nonprime numbers
- single and double digit prime and nonprime numbers
- using their knowledge to solve problems
- using their knowledge to earn money

Upon completion of training, those candidates capable of memorizing and writing random sequenced 12x12 tables with 100 percent accuracy in less than 288 seconds become certified Coaches.

**Get a sponsor!**  
**Earn \$100 for 4-8 hrs work**
